10. Fill in your information at the top of the form.

Preparation and Packaging Competency Evaluation

Not Yet Taken

(PLEASE DO NOT TAKE THIS COURSE UNTIL YOU HAVE A DRC)

To begin the return of HV Batteries (HVBs) to Toyota, all Dealership associates who prepare and/or package HVBs for shipment must complete this HV Battery Function Specific Training (EHM-011) to demonstrate preparation and packaging competency under this new process. The associate must prepare and package one HV Battery and submit three photographs of the process using the link on the right.

Begin Course

1. Download the blank form below and save it to your desktop:

Click to Download

The screenshot shows the Adobe Acrobat interface. The 'File' menu is open, and 'Save As...' is highlighted. Other menu items include Open..., Organizer, Create PDF Portfolio, Modify PDF Portfolio, Create PDE, Combine, Collaborate, Save, Save As..., Save a Copy..., Save as Certified Document..., Export, Attach to Email..., Revert, Close, Properties..., Print Setup..., and History. The main content area shows the title 'Preparation and Packag' and the start of a paragraph: 'one time before returning your first associates who prepare HVBs for shipmer demonstrate preparation and packagir s training, the associate must prepare a'.
